

## IDDSI Level 4: Comparison

Clinicians told us various ONS are being claimed as suitable for IDDSI Level 4. However, this is not being put on packaging; they had to be used under warnings and are very expensive.

We have therefore created Slō Milkshakes+ at IDDSI Level 4.

They are the only ONS clearly labelled IDDSI Level 4 and you can prescribe them using the PIP codes below. If you do, you may find the nutritional/cost comparison helpful.

We know it would be ideal to achieve 300 calories in 100ml however, we felt achieving the highest level of protein in just 100mls, for less - is a good compromise.

	Energy Kcal (kJ) 100g	Protein 100g	Unit Size (ml/g)	Unit Price	Unit Price 100 ml/g
Actasolve	402 (1693)	20	75	£ 0.99	£ 1.32
Ensure Plus Crème	137 (574)	6	125	£ 2.05	£ 1.64
Forticreme Complete	160 (675)	10	125	£ 2.01	£ 1.61
Fresubin 2Kcal Crème	200 (840)	10	125	£ 2.23	£ 1.78
Nutricrem	180 (756)	10	125	£ 1.70	£ 1.36
<b>Slō Milkshakes+</b>	<b>266 (1107)</b>	<b>20</b>	<b>100</b>	<b>£ 0.95</b>	<b>£ 0.95</b>

Slō Milkshakes+ Pip Codes	IDDSI Level	Strawberry	Chocolate	Banana
	1	4160271	4160289	31.12.20.
	2	4007639	4007662	“
	3	4007647	4007654	“
	4	4160255	4160263	“
